GuardTrack Plus™

Introduction

Land-based security companies are increasingly turning to GuardTrack Plus™ to protect their operations and meet all their insurance requirements under contracts with international corporations.

Chesterfield Group is a leader in insurance for the Security Industry. In association with Lloyd's underwriters, we have developed the GuardTrack Plus™ policy, which closely tracks the liability and personal accident insurance requirements within international security contracts, at very competitive terms.

Our reliable and experienced team will provide expert advice on how to comply with these insurance requirements to both protect your business and help you win new contracts through compliance.
