About us

Established in 1999, Chesterfield Insurance Brokers is a leading Lloyd's insurance and reinsurance broker that provides bespoke services to support our clients' growth and success.

We have the strength and capability to out-perform even the biggest and best known international brokers across a wide variety of business lines, including the aviation sector.

Following our acquisition by the Kaufman Group in January 2012, we are well positioned to service our global clients with strong financial backing, operational independence and an experienced team of insurance professionals.

Your aviation team

Our professional brokers have successfully supported a wide range of clients, from individuals to international companies.

As your broker, we will negotiate the most competitive terms on your behalf in all major international insurance markets, including London. Our specialist aviation team has excellent technical knowledge, plus a deep understanding of the risks you face and how best to mitigate them with secure high quality risk carriers.

You will benefit from a single point of contact and a dedicated team that will service all your aviation and aerospace insurance needs and requirements.

We understand your long-term goals and our tailored insurance products match your needs now and in the future.
