Mincing Lane
London
EC3R 7AA

Introduction

Chesterfield Insurance Brokers specialise in bespoke insurance solutions for the construction industry, providing direct access to 'A' rated insurers in the Lloyd's and London market, as well as global markets.

Our team of specialists have extensive experience across a broad spectrum of industry sectors, territories and risk, enabling us to evaluate broader project exposures and provide competitively priced, multi-class solutions.

We tailor each insurance programme to meet lender requirements on financed construction projects and we will engage with the lender's advisor to assist the borrower.
